

# God-Stories

evidence of God at work  
in and around us

## “There’s More”

*Ali Bruce, a Calvary Midtown family member seeking to live a life without walls with God, others and the world (C-WoW<sup>1&2&3</sup>).*

Last summer was one of the funnest summers of my life. It was one filled with vacations and lots of laughs. I went to the beach multiple times, including a wedding on the beaches of South Carolina! As August rolled to an end I began to process what I had learned over the last three months. I had a gut feeling that I had missed something big, that I had chosen to live in the moment and make “Yolo” memories over living an obedient yet abundant life with God. Later that day I discussed with some close friends my fear of missing the life God has for me. That night one of my friends, Rob, shared his own God story with me. As I listened to his story my fears became a reality. It was as if a large concrete wall was being torn down and behind it was a beautiful open field with blue skies. I felt God saying to me “let me remind you what real life is.”

My heart burned with sadness as I had been missing life to the fullest with the lover of my soul! After 5 minutes of intense repenting and sobbing, my heart was reignited with a passion to seek the Lord, pray, and follow Him.

Before this moment I was unsure about my future. I figured I would go somewhere and Jesus would follow me, not the other way around. After this moment it was clear that God had a specific plan for my future, if I would be willing to listen and obey when he said “Go.” It didn’t take long to realize I would be a part of an incredible journey where the only option is to put God first. On July 3rd I will leave for an 11-month mission trip to 11 countries participating in the World Race. God has provided abundantly. I can’t wait to see how He is going to show up!
