evidence of God at work
in and around us

“Give it Away”

Pat Sherren, a Calvary Warriors Mark family member seeking to live a life without walls with God and others (C-WoW^{1&2}).

As a 15-year-old I recognized the requirement of the gospel as fire insurance, but at 20 I realized the beauty of the gospel and that Jesus wants to be involved in the good and ugly of my life.

For the last 28 years I have sensed when God was preparing Lisa and me for something. He helped reshape our spending to buy a house. He prepared my heart to join Lisa’s heart to welcome a baby. At age 40, God rehabbed my tired mind, body and spirit to help launch Calvary Warriors Mark.

This year I noticed God making us more sensitive to some spiritual and financial needs in Warriors Mark, so I wasn’t surprised when we got word in May that Lisa and I would receive a pension buyout from our previous employer. This money let us pay off some debt (which is preparing us for something), but most importantly it has allowed us to help some people with significant financial needs. We are happy to reduce our debt, but we are far and away more excited to join Jesus in the good and ugly of other’s lives!
