

PRAYER WALL Guidelines

***Calvary reserves the right to remove prayer requests that don't follow these guidelines.*

A few things to keep in mind when posting on the Prayer Wall:

1. Speak for yourself.
2. As you share personal information, please **consider if it is suitable for public knowledge – for yourself, your spouse, your family, and anyone else the request pertains to.**
3. When posting a request **on behalf of another person:**
 - **Ask permission** from the person before posting when possible.
 - **Maintain confidentiality.** Only include information the person is comfortable communicating publicly.
 - Ask yourself, "How would I feel if someone else shared this information about me?"
4. Remember, **God knows our situations and our needs.** Sometimes you don't need to broadcast all the details but simply invite others to join you in asking God for His presence and provision.
5. **Don't use the Prayer Wall for solicitation purposes.** Certainly ask for prayer for general needs, but specific needs like finding daycare or someone to buy your car are best accomplished through other channels.
6. The Prayer Wall **isn't a place to vent.** If a matter is between you and another person, keep it that way.
